

## **STATISTICS**

The Statistical work under this sector are aimed at improving the efficiency of the field staff in order to obtain more cohesive data for further processing. The idea is to collect qualitative data from the field level / at grass root level without much time lag and use the same for the developmental needs of various sectors of the Pondicherry economy. Conducting of livestock, economic and agriculture censuses and preparation of NSDP and IIP are some of the important programmes envisaged in the Tenth Plan.
