

## **ROAD TRANSPORT**

### **Government Automobile Workshop**

Government Automobile Workshop, Puducherry is a centralized service Department set up in the Union Territory of Puducherry to look after the upkeep and maintenance of all departmental vehicles. Repairs, both major and minor are being carried out in the Workshop. Beside POL products like fuel lubricants etc., belonging to supplied to all vehicles agriculture machineries equipments etc., belonging to government and quasi government agencies. A similar mim-workshop fuelling station and a service station is also functioning in the outlying Karaikal region to cater to repairs maintenance & services of Government vehicles. Practical inplant training under the Apprentices Act is given to unemployed ITI holders. Diploma holders and Graduate engineers both in the field of engineering and commercial practice to abreast their knowledge and skill in the respective fields. A Motor Vehicle Driving Training Institute is functioning in Pondicherry and training to unemployed youths is imparted in driving Light Motor Vehicles and Heavy motor Vehicles. A similar Institute is also functioning in Karaikal. Refresher courses for Government Drivers are also conducted for updating their knowledge in maintenance & skill safe driving. One Emission Under Control Test Station each at Government Automobile Workshop, Pondicherry & Government Automobile Workshop, Karaikal are being set up to cater to the needs of the Government Vehicles as well that of the public.

### **Transport**

Transport Department renders services like Issuing Driving Licences, Registration of Vehicles, Issuing of Permits to Transport Vehicles. Transport Department also takes necessary steps to control and regulate Road traffic and to suspend/ cancel the registration or permit of a motor vehicle if it poses threat to public safety. Secondly the Transport Department is a Revenue Earning Department of the Government having its offices in other outlying regions of Karaikal, Mahe and Yanam .

Transport department is a public oriented and provides services in timely manner to the public. All the remaining activities have to be computerized in all the four regions in order to provide transparent and quick services to the public. During the annual Plan 2008-09 in order to provide healthy clean environment in puducherry, it is proposed to conduct regular pollution test and introduce to the vehicles with latest technique, which will be environmentally friendly. It is also proposed to introduce a new scheme laying of Tindivanam and cuddalore via puducherry and release of share contribution to the southern railways for laying new railway line between karaikal – Nagore Broad Gauge Railway line in the annual plan 2008-09. It is proposed to intensify the enforcement activities of the department with a view to properly effectively implement the provisions of the motor vehicles act and rules and to increase the revenue collection by conduction special drives. For meeting the traffic needs of cities and towns under public private partnership project a scheme viz. Mass Rapid Transport System has been included in this eleventh five year plan. Setting up of road safety council, conduct of awareness programme, seminars and safety weeks, creation of necessary posts, setting of check posts at all entry points in Union Territory, establishment of transport complex are proposed.
