

LAND REFORMS

Preliminary action for re-survey and resettlement is proposed to be conducted for the whole of U.T. of Puducherry using latest technologies like Aerial Photogrammetric, High Resolution Satellite Imageries to have Land Records with GIS layers. It is proposed to impart training to the revenue and survey officials during the year 2013-14. Village maps pertaining to all 129 revenue villages in the U.T. Puducherry will be linked to the satellite imageries, so that it can be used for planning purposes, disaster management, agricultural purposes, etc., by various departments and public. Action has been initiated to acquire G.P.S. and electronic stations for effective survey operations.
